

# **Standard Specification for Reinforcing Bar Joint Work**

## **: Gas Pressure Welded Joint Work**

### Contents

<b>Chapter 1</b>	<b>General Rules</b>	1
1.1	Scope of Application	1
1.2	Performance of Gas Pressure Welded Joint	1
1.3	Terms and Definitions	1
<b>Chapter 2</b>	<b>Execution Plan of Joints</b>	4
2.1	Execution Plan of Gas Pressure Welded Joints	4
2.2	Coordination Personnel for Joints	4
<b>Chapter 3</b>	<b>Common Items</b>	5
3.1	Reinforcing Bar	5
3.2	Gas Pressure Welding Equipment	6
3.2.1	Gas pressure welding equipment	6
3.2.2	Gas for gas pressure welding	6
3.2.3	Gas Supplying Equipment	6
3.3	Preparation for Gas Pressure Welding Work	6
3.3.1	Confirmation and presentation of certification document	6
3.3.2	Maintenance of gas pressure welding equipment and tools	6
3.3.3	Validation tests before execution	6
3.3.4	Cutting reinforcing bar and processing gas pressure welded end face	7
3.3.5	Air temperature/Weather	7
3.4	Safety Aspects	8
<b>Chapter 4</b>	<b>Manual Gas Pressure Welding</b>	9
4.1	Gas Pressure Welder with Qualified Skill	9
4.2	Gas Pressure Welding Equipment	9
4.3	Installation of Bar Holder	12
4.4	Pressing and Heating	12
4.5	Inspection	13
4.5.1	General	13
4.5.2	Visual inspection	13
4.5.3	Ultrasonic inspection	16
4.5.4	Sampling inspection in ultrasonic inspection	16

4.6	Disposal of Failed Pressure Welded Part	16
<b>Chapter 5 Automatic Gas Pressure Welding</b>		18
5.1	Gas Pressure Welder with Qualified Skill	18
5.2	Gas Pressure Welding Equipment	18
5.3	Installation of Bar Holder	18
5.4	Pressing and Heating	18
5.5	Inspection	19
5.5.1	General	19
5.5.2	Visual inspection	19
5.5.3	Inspection by crosschecking of pressure welding execution record	19
5.6	Disposal of Failed Gas Pressure Welded Part	20
<b>Chapter 6 Hot Trimming Gas Pressure Welding</b>		21
6.1	Gas Pressure Welder with Qualified Skill	21
6.2	Pressure Welding Equipment	21
6.3	Installation of Bar Holder	21
6.4	Pressing, Heating, and Trimming	22
6.5	Inspection	22
6.5.1	General	22
6.5.2	Visual inspection	23
6.6	Disposal of Failed Gas Pressure Welded Part	23
<b>Chapter 7 Execution and Inspection of Grade-A Gas Pressure Welded Joint</b>		25
7.1	Grade-A Joint Gas Pressure Welding Company	25
7.2	Gas Pressure Welding Procedure and Reinforcing Bars that can be Pressure Welded	25
7.3	Gas Pressure Welder with Qualified Skill	25
7.4	Validation Tests before Execution	25
7.5	Preparation Work and Pressure Welding Work	26
7.6	Inspection	26
7.6.1	General	26
7.6.2	Manual gas pressure welding	26
7.6.3	Automatic gas pressure welding	27
7.6.4	Hot trimming gas pressure welding	27
7.7	Disposal of Failed Gas Pressure Welded Parts	27
