1. **Development of New Design Rules for Welded and Mechanical Splicing of Grade 500 Reinforcing Bars in Australia** 1

Prof. Mark Patrick

Director, Centre for Construction Technology and Research
College of Science, Technology and Environment University of Western Sydney, Australia

2. **The Splice of Reinforcement in Korea** 13

Prof. Kyong-Ho Chang

Professor, Department of Civil Environmental Eng., Chungang University, Korea

3. **The Construction Industry and the Use of Splices in Singapore** 37

Dr. ONG Khim Chye Gary

President, Singapore Concrete Institute and
Associate Professor of Department of Civil Engineering,
National University of Singapore

4. **Introduction to Splices of Reinforcement Used for Concrete Construction in Thailand** 51

Dr. Taweeep Chaisomphob

D. Eng., Chairman of Civil Engineering Chapter, the Engineering Institute of Thailand under H.M. the King's Patronage and
Associate Professor of Civil Engineering,
Sirindhorn International Institute of Technology, Thammasat University, Thailand

5. **Splicing of Reinforcement for Concrete Structures in the United State** 57

Prof. Steven L. McCabe

Professor and Chair, Department of Civil, Environmental and Architectural Engineering, University of Kansas, USA

- 6.1 Splicing of Rebars, The Country Report 85
6.2 Gas Pressure Welding of Re-Bars 89

Mr. P. B. Vijay
Former Director General, CPWD, India

7. The Splices of Reinforcement in Japan: Current Status and Prospects 93

Prof. Hiroshi Noguchi
Councilor, Vice-Dean, Professor, Faculty of Engineering, Chiba University, Japan

8. The Points of "Standard Specification for Gas Pressure Welding of Reinforcing Bars" 109

Dr. Tadayoshi Ishibashi
Japan Pressure Welding Society
(Dr. Eng, P.E, General Manager Structural Engineering Center
East Japan Railway Company), Japan

9. The Nondestructive Testing Method of a Gas Pressure Welding Joint and a Mechanical Joint 115

Mr. Yasushi Ikegaya
Japan Pressure Welding Society
(General Manager, Technical Department Japan Ultra-Sonic Testing Co.,Ltd.), Japan
